ED TO AN ITALIAN
SINCE HIS FIANCÉE

Paul Narcuso Charged in St.
Paul With Murder of Josephine
Cubazza.

HIS EFFORTS TO REGAIN
HER AFFECTIONS FAILED
"I Am Glad She Is Dead She
Can Marry No One Else,"
Says Accused.

(Special to the Capital.)
St. Paul, Minn., Feb. 21.—Pietro Nar-
cuso, of Edmonton, Alberta, lies in the
police cells here, charged with the
murder of the girl he loved, Josephine
Cubazza. He came all the way from
Edmonton and obtained Josephine's
promise to marry her. After the
promise was given by Josephine, who
was an unusually pretty Italian girl of
16 years, the two went to a store and
selected a diamond ring and other
jewels, but the next day she gave them
back and said she could not marry him.
Pietro killed Josephine because he
knew her. His efforts to regain her
affection had failed, and he feared she
would marry another. "I am glad she
is dead," he says, "for now she cannot
wed anybody else."

The man is 25 years old and was
employed with a gas distributor at
Edmonton. Since coming here, he
thought to make himself the happiest
man in the world by having been rooming
in the house next to that of Josephine's
parents, Mr. and Mrs. Pasquale Cubaz-
za, of this city.

Asked Father's Permission.
At Christmas time Narcuso asked the
girl's father for permission to marry
Josephine and the older man agreed
his daughter. Then Narcuso asked the
girl to be his wife. She agreed, and they
selected a diamond ring and other
jewels, but the next day she gave them
back and said she could not marry him.
Pietro killed Josephine because he
knew her. His efforts to regain her
affection had failed, and he feared she
would marry another. "I am glad she
is dead," he says, "for now she cannot
wed anybody else."

But she had changed her mind over-
night. She met him and gave back the
ring and the other valuables which she
had chosen so gaily the day before.
She told Pietro she could not marry
him.

Pietro begged, then he threatened.
Josephine was firm. Finally, when he
promised her that he would marry her
in five days, the girl suggested that they
wait three years. Pietro agreed. Then all
he had for a little while.

Pietro Is Jealous.
But Pietro says the girl was not fair.
She refused to accompany him to the
wedding and accepted the love of other
suits. Pietro became jealous and
began to plan the death of the girl
whom he loved.

Then the revolver was bought, and
then he knew the girl would return
from work. Narcuso lay in wait on the
stairway leading down the creek bank
to her home. When she came two men
were with her, and he saw that Nar-
cuso's hiding place without seeing him.
He did not try to kill her then for fear
he might fail.

Yesterday, just before 6 p.m., Pietro
hid again in the darkness. The girl
and her mother came down the stairs.
The older woman walked slowly on the
slippery steps, while the girl ran
ahead. She reached the bottom and
Narcuso confronted her. He did not
speak, but fired three shots quickly.
She lay full length on the stairs, and
she fell at her lover's feet. But he
turned away, took the weapon into his
hands, rushed past the older woman
on the stairs and started for the city
to find the police and surrender.

Pietro did not know the location of
the police station, but he had been told
that the city hall was the seat of
government. He found the building
and sought the office of the police, but
found only a custodian, N. Tankenoff.
Tankenoff he gave himself up, saying
he had killed Josephine Cubazza.

Glad She Is Dead
"I loved Jose," he said. "She had
promised to be his wife. I brought her
jewels and a ring. Then she gave them
back and said she would not marry me.
Then I bought a revolver and waited
to kill her. Tonight she is dead, and I
am glad, for she will marry no other."
Detectives were called to the city
hall and took Narcuso to the Central
police station. He told them of the
shooting and returned with them to
search in the creek for the body of the
girl. There were sounds of lamentation
in the Cubazza house when the officers
searched for the body. Narcuso paid no
heed, and when he passed the spot where
the girl had fallen he walked around the
body without glancing down at it.
It still lay in a pool of blood on the
creek bank.

The crowd of his countrymen that
had gathered about the dead made a
path for the prisoner and his guards.
No word was spoken. When the search
for the revolver had been given up,
Narcuso walked back through the
crowd and around the body. When he
returned to the police station he was
locked in a cell. A charge of murder
was placed against him.

CHINESE BANDITS SACK LIAN CHOW; SLAY 1300 PEOPLE

Ruthless Marauders Led by "White Wolf" Terrorize Whole Community.
MANY OF FOLLOWERS ARE ARMED WITH GOOD RIFLES
Government Troops Show Strong Disinclination to Meet Outlaws.

Pekin, Feb. 21.—The bandits led by "White Wolf" massacred 1300 men, women and children, when they sacked Lian Chow, province of N. Gun-twei on January 23. On that occasion they murdered Father Rich, a French Jesuit missionary, and captured and held two other foreigners for ransom.
An army of 25,000 Chinese troops now is converging on "White Wolf's" stronghold, which is situated in the vicinity of Chang Yang Kwan.
Further to the north in the same province, "White Wolf" has a force of 2000 bandits, half of whom are armed with modern rifles.
The opinion is expressed here that unless the opportunity is seized of exterminating "White Wolf" and his followers they will form the center for another rebellion.
The government troops, however, show no inclination to determine to close quarters with the rebel band.

CONSPIRACY TO ESCAPE IS LATEST CHARGE AGAINST THAW

Concord, N. H., Feb. 21.—The ground on which the state of New York seeks the return of Harry K. Thaw, to answer to a writ of habeas corpus and escape from the insane asylum at Mat-tawan was set for trial by William T. Jerome in the federal court here today.
Thaw's counsel headed by William A. Stone, former governor of Pennsylvania, argued yesterday in favor of the issuance of a writ of habeas corpus and asked for rulings on the question of admitting their client to bail. Mr. Jerome today appeared for the opposition.
It is expected that the habeas corpus will be carried by the United States supreme court and Judge Edgar Aldrich yesterday intimated that he might leave the question of bail to that tribunal.

AUGUST BODY TO PAY RESPECTS TO SWISS YOUNGSTER

Ten-Year-Old Otto Walter Makes Lonely Trip From Athabasca to France

INDUSTRIAL ASSOCIATION TO MEET AND HONOR BOY
Notify Other Cities En Route of Coming of Otto and His Trip.

If there still be some who believe that corporations have no souls, if they yet hold to the opinion that any body of men with a commercial name is out simply for the money to be got and nothing else, they should revise said opinions at once, or else count the Edmonton Industrial Association as a notable exception to their rule.

Sentiment isn't supposed to cut much ice with the live bunch that the lieutenant-governor of the province said he was glad to be associated with because they were a live bunch, but when a sleeping car conductor on the C.P.R. whispered into the ear of Secretary W. A. Milne that a little 10-year-old Swiss boy was about to make a trip from Athabasca to far-off Switzerland alone, unaccompanied, and when Mr. Milne, president of the association, decided at once that while he might go alone, he unhesitatingly and ungrudgingly would be at least minimized.

Met by Delegation.

Accordingly, the day when Otto Walter, will be met by a delegation of the association on the arrival of the Canadian Northern train from Athabasca tonight, and during the two or three hours before he leaves for the east on the C.P.R. Great West express he will be made as much of as though he were in old Switzerland itself—and all by men who have never before seen him and whom he has never seen or thought of.

Public Works Committee Reaches Agreement With Three Firms There.

RECOMMENDATION WILL BE MADE TO ALDERMEN
Commissioner Chalmers Says That Extension Can Be Completed by July.

The basis of the agreement to be entered into between the city and the three Manchester industries was the only matter taken up at a meeting of the committee on Tuesday morning in the council chamber.

FOURTEEN DROWNED IN NOBLE ATTEMPT TO SAVE SAILORS

Norwegian Bark Mexico Driven on Rocks Off Southern Irish Coast.

Queenstown, Ireland, Feb. 21.—Fourteen lives were drowned when they went out from Pethard to rescue the crew of the Norwegian bark Mexico, driven on the rocks near the Saltee Islands Westford, last night.
Two life boats answered the distress call of the Mexico bound from Laguna, Mexico, to Falmouth. The first to reach her was the bark, but the life boats were able to scramble on board the wrecked Mexico, where they remained all night.
When the crew of the bark and the life boat men landed safely on one of the islands today they found that the second life boat had sunk with her crew of fourteen men.

INDUSTRIES AT MANCHESTER TO RECEIVE WATER

meter placed at the city limits, charges not to be accumulated.
That the petitioners have the privilege of constructing fire hydrants in the vicinity of their buildings as a means of fire protection, they to own, operate and be responsible for these fire hydrants without any obligation to the city.
The city will be responsible for the construction or maintenance of any part of the system outside the city limits.
Water may also be supplied to houses where the occupants are bona-fide employees of the industries.
The question of light and power service has been laid over as the applicants were not willing to accept the proposal made by the superintendent in reporting on the extension of these utilities.
Commissioner Chalmers estimated that it would be possible to get the water to the city limits by July if no unnecessary delays are experienced in getting the agreement finally passed and the work started.

ASSERT HE INTENDED TO KILL VILLA, AND DREW HIS REVOLVER

General Immediately Knocked Him Down, Disarmed Him and Sent Him to Jail—Afterwards He Was Tried by a Special Military Tribunal, Sentenced to Death, and Duly Executed—Great Britain and United States Awaiting Full Reports Before Acting

Washington, Feb. 21.—Regarding the death of William S. Benton, Roberto V. Pesqueira, constitutionalist agent, today made public the following telegram from constitutionalist headquarters at Juarez:

"Benton entered Villa's apartment very unexpectedly demanded protection for his interests, and bitterly insulted Villa and the constitutionalist army. Villa told him he considered him an enemy to the constitutionalists, and that in order that he might not continue to work against them, he, Villa, was going to pay him the value of his property (Benton's) in the state of Chihuahua."

"Benton became very exasperated at this, and drew his revolver, intending to kill the general, but the latter immediately knocked him down, disarmed him and sent him to jail. Benton afterward was tried to a special military tribunal, sentenced to death and duly executed, all in accordance with the laws and usages of war."

Announcement that Benton met death in Juarez after a court martial ordered by Villa was made today by Secretary Bryan, who said he had no further details. His information came in a despatch from Consul Edwards at Juarez, who said he had read the court martial proceedings which were forwarded by mail to Washington.

Secretary Bryan communicated Consul Edwards' latest message to Sir Cecil Spring-Rice, the British ambassador, and instructed Consul Edwards to demand adequate protection and fair hearing for Gustave Bauch, an American citizen, for whose safety in Juarez grave apprehension has been felt. Friends of Bauch in El Paso have telegraphed to Representative Smith of Texas that he had been shot as a spy.

No report had been received at the state department today on the reported disappearance of two other Englishmen, Lawrence and Curtis, who were said to have gone to Juarez to search for Benton.

SENATE CONFIDENT THAT ALL REALITIES WILL BE RATIFIED

Further Opposition to Arbitration With Great Powers Thought Unwise.
OPPOSITION EXHAUSTED FIELD FOR ARGUMENT
Futility of Pressing Any Further Changes Is Now Indicated.

Washington, D. C., Feb. 21.—Attention of all the world's powers interested in the Mexican situation was turned today upon the investigation into the killing of William S. Benton, the British ranchman, by General Villa, at Juarez.

Secretary Bryan and Sir Cecil Spring-Rice, the British ambassador, were awaiting official reports with details and pending that development the situation apparently was unchanged.

Great Britain's usual attitude toward the treatment of her subjects in foreign lands surrounded the Benton case with more than ordinary interest. Intimate relations that other Englishmen, friends of Benton, were unhealed from increased the tension of the situation.

FOR THOROUGH INQUIRY

While every disposition has been shown by the British ambassador here, and by the foreign office at London to be guided by whatever an official investigation develops, diplomatic critics were prepared for thorough inquiry into Benton's killing.
One outcome of the situation which was thought more than probable, was expected to be a warning by Great Britain to her subjects in Mexico to leave isolated places and retreat to localities where they could defend themselves under the protection of the British flag.

Tragedy Causes Sensation

London, Feb. 21.—The British government up to noon today had not taken any action in regard to the execution at Juarez of William S. Benton, the Scottish ranchman, beyond instructing Sir Cecil Spring-Rice, British Ambassador at Washington, to obtain from Secretary Bryan all possible information on the affair.

POWER TO STOP EXPORT OF OIL FROM CANADA

Bill Introduced in Accordance
With Provisions Made
By Admiralty.

Ottawa, Feb. 21.—The commonsense
committee of supply at an early
hour yesterday, when some progress
was made. Some of the larger estimates
of the marine department including
the cost of the new battleships, the
cost of the new cruisers, the cost of
the new submarines, and the cost of
the new destroyers, were discussed.
Early in the afternoon, Hon. J. D.
Bennett introduced a bill giving the
cabinet power to stop the export of
petroleum or oil from Canada at
any time. This is in accordance
with provision made by British amir-
alies in the event of a general de-
claration of war by Great Britain's
allies.

When the estimates for the de-
partment of customs were taken up
yesterday, Mr. McCreary, of Saskatch-
ewan, brought up by motion the dis-
missal of October 14, 1912, of Tobias
Urush, collector of customs at
Rosthern. He said that Mr. Urush
for the double post received a salary
of \$3,000. After the general election he
was assured by the president of the
conservative association that he would
be dismissed. As a consequence he
moved to his store and spent some
money on making improvements to
his office. He was dismissed because
Donald McCreary, the conservative
candidate, had accused him of
partisanship.

Gut Salary Increased

His successor, Mr. Hudson, who is
mayor of the town, Mr. McCreary
had had his salary increased by \$100.
Mr. J. D. Bennett said that Mr. Urush
was appointed in August, 1911, after
the dissolution of parliament by the
government. Such appointments were
not recognized and in many cases the
appointments were dismissed without
any charge being made. In this case,
however, Mr. Urush had been accused
of political partisanship. The policy
of the government seemed to be the
dismissal of liberal members in the
case of complaints. In the case of
conservative members, the practice
was to appoint them to amend them.
Mr. J. D. Bennett said that he had
never had such a case presented to him.

Gave an Instance

Mr. McCreary said he would give
him an instance. He sent across the
floor of the house the parliamentary
file of the house the Northern En-
terprise and read from a clipping from
the same newspaper an account of the
meeting of the conservative associa-
tion called for the election of officers
and other business. He said the
minister would notice that Mr. Hudson
had been present at this meeting and
had been named a member of a deputation
to visit the capital in connection
with certain matters affecting the
town. He asked the minister what he
proposed to do about it. "Would he
dismiss Mr. Hudson or simply advise
him to not do it again?"

Mr. J. D. Bennett said that Mr. Hudson
had been connected as mayor of the town
and it was quite proper that he should
be at the meeting which was called
to discuss public business. It was
quite apparent that Mr. Hudson was
not a member of the executive of the
association.

Mr. McCreary retorted that had the
mayor been a liberal he would not have
been called in. Mr. Hudson was
apparently an outcast.

He said that Mr. Hudson was an
honorable man and if the minister
would undertake to write him he would
undoubtedly tell him the truth.
Mr. Wilcox, North Essex, read an
account of a meeting held at Windsor,
Ont., on August 27, 1910, when Hon.
Dr. Tuckey was there. Those who
participated included J. Smith, the

customers collector who had not been
dismissed by this government. He
wanted to know if this was not a
partisan case.

Mr. McCreary did not think so. It
was evidently a public meeting at-
tended by all citizens he said.
Dr. Bennett asked the minister if
there was anything in the newspaper
account from which he read to show
that Mayor Hudson had been sent for
after the election of officers. Dr. Bennett
said that he had not noticed that im-
pression from reading the report. Dr.
Bennett then complained of the dismis-
sal of James T. Richardson, the cus-
tom collector at Humboldt. He was
certain that Mr. Richardson had never
taken part in an election.

Dr. Bennett promised that the papers
relating to the case would be tabled
at once. The discussion then
reverted to dismissals in Nova Scotia.

by his family only to be met with a
valley of bullets that killed Fultz in-
stantly and injured several of the
others.

stand the reason for the killing or the
cause of the fire.

A SURE INDICATION WAINWRIGHT PARK IS UNDERLAIN WITH OIL

(Special to the Capital)

Wainwright, Feb. 21.—A sure indica-
tion that the buffalo park here is un-
derlain with oil was given yesterday
by the fact that a well being dug for the
use of the park superintendent constantly
strikes up a peculiar kind of mud
according to people who have had
experience in other parts of the con-
tinent. W. H. Wilcox, who is in-
specting drilling for artesian wells,
states that neither water pressure or
gas would make a well so full of mud
as it is. If water were behind the
column of mud, the substance would
remain at a constant level, while the
fact that the mud is being thrown out
of the well is a sure indication that
the well is drilled last fall at a cost
of \$2,000.

WESTERN TRADE COMPARES WELL WITH YEAR AGO

Several Lines Quiet But Feel-
ing of Confidence in Future
Exists.

EARNINGS OF RAILWAYS SHOW A LARGE DECREASE

Commercial Failures in Domi-
nion for Week Totalled
Fifty-nine.

New York, Feb. 21.—Despatches to
Pitt's Review from branch offices of
R. G. Dun and Co. in the principal
cities of the Dominion of Canada report
that the business conditions are
about the same as last year, though
there seems to be a growing
feeling of confidence in the future.
The Montreal reports that several
lines show evidence of improvement. A fair
distribution is noted in groceries and
some call for hardware and clothing.
Somehow more inquiries have been
received for leather, but receipts
are not so plentiful as last year.
General conditions have been quiet this
week at Quebec but the dispute be-
tween the Maritimes and the
provincials has been settled and is
expected to result favorably.

Wholesale Trade Active

Wholesale trade at Toronto has not
been very active but retailers have
been benefited by the continuance of
seasonable weather especially in fur,
dry goods and clothing. There is a
fair sorting up of demand for mer-
chandise and a number of spring orders
are being received.

Trade conditions at Hamilton are not
very active, but there is much con-
fidence that improvement will appear
with the opening of spring.
The general situation in the far
west and northwest is fairly quiet,
but considerable activity is looked
for during the next few months.

At Winnipeg the weather has been
favorable for the movement of season-
able merchandise, and stocks of heavy
dry goods have been well reduced.
Merchants are beginning to look for
spring and prospects are considered
good.

Better Than Last Year

Conditions at Edmonton are rather
slow, although as a whole the move-
ment of merchandise compares fairly
well with a year ago.
Retail trade at Calgary has been
helped by seasonable weather, but
wholesale business is not so active.
The situation at Saskatoon is some-
what better and is believed with the
opening of spring marked improvement
will be seen.

NEW COMPANY EXPECTS SOON TO STRIKE GAS AT TOWN OF UNCAS

A gas drilling outfit has been estab-
lished at Uncas, La. The outfit is
owned by the Canadian Gas & Oil
Co., and expects to have a favorable
report to make to the owners of this
property in the near future.

When interviewed yesterday by the
Capital reporter, C. W. Lee, president
of the company said:

"The Canadian Gas & Oil Co. enjoyed
the year 1913 the greatest crop of
gas in the history of the Dominion,
what is more the crop has been fully
reaped and still better the farmer is
receiving his money with the current
season. General conditions could not
have been more favorable. The
company is in a position to make an
early financial statement. You know the
gas is shining behind every cloud and
it is only a matter of time before the
general development of the country by
railroads, the farmer, the miner, and
the gas and oil drilling is inducing
the rapid growth of Western Canada
cities which are strategic centers.
"Whatever transportation facilities
have been established, commercial cen-
ters have been controlled by rural ac-
tivity and the development of natural
resources.

"So far we think we have made no
mistake in our selection of property at
Uncas for gas drilling because of the
many oil discoveries on the surface
of the water in wells, springs and
creeks at this place and from the re-
ports of many gas experts we are sure
of striking gas soon."

F. J. Hurdie Explains.

In connection with the Bettany
shooting case which was tried in the
criminal court, Thursday, F. J. Hurdie
today explained the circumstances
evidence which came out in the case
was misleading, and intimated that
the two chiefs of the hotel had been
the girl's room, and reflected upon
the character of the women. Such was
not the case, however, as the two
chiefs having merely stepped into
the door while passing, and were
pushed further in, when the accused,
Bettany, came running from the other
room. The evidence should not throw
any reflections upon the girl's char-
acter whatsoever.

SMOKE OF HERBS FOR CATARRH

A Simple, Pleasant, Reliable Way
and It Costs Nothing to Try.

This preparation of herbs, flowers
and seeds (containing no tobacco or
habit-forming drugs) is smoked in an
ordinary clean pipe or cigarette.
Simply draw the medicated smoke into
the mouth and inhale it slowly, or
send it out through the nostrils in a
perfectly natural way.
It is not unnatural, is harmless and
can be used by man, woman or child.
Just as a catarrh is contracted by
breathing cold air, dust, germ-laden
air, just so this balsmy anesthetic
smoking remedy goes to the affected
air passages of the throat, nose, throat
and lungs. It can readily be seen
why the usual treatments, such as
sprays, ointments, salves, liquid or
tablet medicines fail—they do not and
cannot reach all the affected parts.

If you have catarrh of the nose,
throat or lungs, choking, stopped-up
feeling, cold, catarrhal headaches; if
you are given the hacking or spitting
you should try this smoking remedy.

A free trial package, together with
an illustrated booklet which goes thor-
oughly into the whole question of
catarrh will be sent you by Dr. J. W.
Hosmer, 212 Spadina Ave., Toronto.
This trial of catarrh is a remedy
that is an exceptional remedy
and as it only costs \$1.00 for a full
size box it is well worth a try. However,
one. Send your name and address
and the booklet and free trial package
will be mailed you immediately.

COMMISSIONERS TO ACT IN FUTURE ON OWN INITIATIVE

Mayor McNamara laid down a rule
at the commissioners meeting yes-
terday afternoon which in effect means
that no superintendent should take
his own time and the time of the com-
missioners asking for instructions to
enforce the rules of the department.
This ruling followed the reading of
a letter from building inspector Mc-
Ivor in which he called attention to
the infringement of the building by-
law by the proprietor of the Estab-
lishment, in having an unloading
dock placed in the sidewalk.

Commissioners Chalmers hastened to
explain to his worship that last year
the superintendents were afraid to
enforce the by-laws. However, the
mayor made it distinctly understood
that the commissioners would be back
again and would insist on their right
to live up to the rules and regula-
tions of their respective departments.

Mr. McNamara was instructed to see that
the by-law is enforced even if it takes
the assistance of the police.

PATCH ON FORGER'S PANTS CLUE THAT LED TO HIS ARREST

Wong Hong, a Chinaman who came
to the police department a few days
ago, and complained that he had been
stung by the sting of a cat. He had a
check, could give no other description
of the man who passed it than that
he had a patch on his pants. It was
a very slender clue to work on,
but it proved to be the undoing of Ed-
ward Jackson, when Detective Sey-
mour eyes him in the police station.

When arrested, accused tore up a
piece of paper which later turned out
to be another Chinaman's. When taken
to the police station, he confessed that
he was the man wanted. The cheque
that he tore up, was signed by H. J.
Campbell and made payable to an-
onymous person for the sum of \$125.55.
The cheque he is charged with forging
and uttering as follows:

\$125.55, signed by "Chas. May," and
payable to "John She." Cashed by
Chas. Cohen, 447 Nanyang avenue.
\$125.55, signed by "Ed. J. Burns,"
and payable to "Ed. J. Burns." Cashed
by McArthur & Co., 220 Nanyang
avenue.

\$125.55, signed by "Burroughs &
Frith," and payable to "W. H. Cam-
bell." Cashed by "Ed. J. Burns." Cashed
by "Ed. J. Burns." Cashed by "Ed. J. Burns."
\$125.55, signed by "G. C. Porter,"
and payable to "H. J. Reid." Cashed
by Dominion Furniture Co., Nanyang
and Clark.

BODY THAWED OUT, AND INDICATIONS NOW SEEM MURDER COMMITTED

Brandon, Feb. 21.—The frozen body
of Alec Beeds, the young assaying
peddler, who met his death at Edinara,
was sufficiently thawed out last night
to allow post mortem examination to
be made. Dr. Edmiston who made the
examination, found that there were two
severe wounds at the back of the head,
and that the wounds were sufficient to
cause death. The wounds were of the
kind known as "blow" wounds, or
burns or other injuries. The hands
showed signs of having been bitten by
small animals. Dr. Edmiston came to
the conclusion that the wounds could
not have been self-inflicted.

Ernest Lloyd is under arrest at
Saskatoon. He is believed to know
something of the crime.

Lloyd is being taken from Estevan to
Saskatoon by the P. & N. preliminary
hearing before the magistrate.

GOVERNMENT HOLDS POPULARITY MUCH REFLECTED MAJORITY

English By-election Has More
Far-reaching Results Than
Defeat of Masterman.

HOME RULE BILL WAS ONE OF VITAL ISSUES

Constituency Has Returned a
Liberal at Every Election
Since 1880.

London, Feb. 21.—Alfred Uys, the
liberal candidate in Poplar, yesterday
held the seat against the unionist
candidate, though by a greatly
decreased liberal majority. Mr. Uys
polled 548 votes, Mr. Clure, the
unionist nominee, secured 320 and
Mr. Jones labor, 83.

The result of this by-election is
more far-reaching even than the
defeat of Night Hon. Mr. Masterman
yesterday in Bellingham and in
effect more detrimental to the govern-
ment, the opposition having suc-
ceeded in reducing the liberal ma-
jority from 1923 to 278. In the election
of December, 1911, Hon. Sydney Dutton
had increased the liberal majority from
1,027.

Poplar is one of the most industrial
constituencies in London and has re-
turned a liberal by a substantial ma-
jority in every election since 1885.
The constituency has been increased
by the appointment of Hon. Mr. Bus-
ton, as governor general of South
Africa. Mr. Busston had retained the
seat at the last election in a straight
liberal conservative fight, but the
advent of the liberal candidate in the
present fight with an expected poll of 2,000
seriously threatened the liberal
majority. The labor man, however, ac-
cured only 83.

An analysis of the figures shows
that 1,500 more votes were polled
than in December, 1910, and the final
figures show the liberal vote reduced
by 449 votes. The conservatives re-
duced their vote by 1,000. The result
shows the liberal vote reduced by
the electors were the home rule
bill, the insurance bill, and the
act and the disestablishment of Welsh
church.

COMMISSIONERS DISCUSS QUESTION OF ASSESSMENT ON LOCAL IMPROVEMENTS

The perplexing subject of how to as-
sess equitably for local improvements
was again discussed by the members
of the city commissioners yesterday after-
noon. Having discussed with a very
small budget for correspondence with
the city council, the mayor asked for
some of the reasons advanced last year
to justify the whole of the local im-
provements. The mayor asked for
property abutting, replacing the system
formerly in vogue when a portion was
chargeable to the city at large.

Commissioners Chalmers explained
that Toronto had adopted this method
of assessing local improvements. The
amount of the difference in the
value of the property improved there
should not be any injustice done in
charging the whole cost of the work to
the property abutting, and besides it
keeps down the bonded indebtedness
of the city.

The mayor drew a plan of his own
to demonstrate to the members of
the committee the advantages to be
gained by the improvements on the streets
and particularly the pavement and there-
fore recommended that the city should
have a plan of its own.

Having spent considerable time in
reviewing the history in connection
with this subject, the mayor asked
for some of the reasons advanced last
year to justify the whole of the local im-
provements. The mayor asked for
property abutting, replacing the system
formerly in vogue when a portion was
chargeable to the city at large.

Commissioners Chalmers and Hoath
agreed that the question of assessing
local improvements was one which should
be decided once and for all by the Pro-
vincial Government. If a law were
put on the statutes it would be followed
out uniformly by all the towns and
cities in the province.

COMBATS DANDRUFF CONTAGION; STOPS FALLING HAIR

Others Imitate And Make Similar Claims But
Newbro's Herculide Was the First Scalp
Preparation Ever Made in Harmony
With the True Cause of Dandruff

The discovery of the origin of dandruff
as the cause of all hair trouble is a
new recent event. Prof. Unna
gave the germ theory to the
world in 1887; later Sabouraud
by his experiments with a rabbit,
proved beyond a doubt the con-
tagious nature of dandruff.

Newbro's Herculide was the
first and "original" remedy com-
pounded in harmony with the
true cause of dandruff.

It is a significant fact that
since Herculide has achieved its
wonderful popularity, others
have changed front and appropri-
ated Herculide's claims, but
their preparations have remain-
ed the same. Any remedy claim-
ing to successfully combat dan-
druff contagion is trying to
trade upon the reputation of
Newbro's Herculide.

You will find Herculide at all
good cosmetic counters in 50 cent
and \$1.00 sizes. Applications may
be obtained at the better class
of ladies' shops and hair dress-
ing parlors.

The Herculide Co., Dept. 8,
Detroit, Mich., upon receipt of
19 cents in postage or silver to
cover cost of packing and mail-
ing, will send to any address a
sample bottle of Newbro's Herculide
and an interesting booklet on
the cure of the hair.

Geo. W. L. Graydon and E. M.
Carpenter are special agents.

INCREASE IN CRIME DURING LAST YEAR REMARKABLY HIGH

Ottawa, Feb. 21.—Increase in crime
during the past year was remarkably
high as shown by the annual blue
book, a critical statistics laid out on the
table of the house.

The increase in Nova Scotia was 50
per cent. In Alberta 65.50 per cent.;
British Columbia 43.88 per cent.; Sas-
katchewan 24.51 per cent.; Manitoba
24.26 per cent.; Quebec 24.04 per cent.
and Ontario 8.00 per cent. Prince Ed-
ward Island and New Brunswick are
the only provinces to show a decrease
in crime.

Construction superintendent Smalls
reports to the commissioners that it
would require the sum of \$3,245.50 to
remodel the old fire hall on the south
side. The matter was referred to
Commissioner Harrison who will report
what he recommends being done to the
building.

MORE BRANCH LINES OF CANADIAN NORTHERN IN ALBERTA PROVINCE

Toronto, Feb. 21.—Six or more
branch lines of the Canadian North-
western railway will be constructed this
year in Alberta, according to a state-
ment made by Sir Donald Mann in
Toronto yesterday. It is said the
local government guarantees the work.
About a thousand miles of railway
will be constructed and localities
before lacking in transportation facilities
will be developed.

FRATERNAL NEWS AND NOTES

DOMINION NOW HAS
GENUINE ORDER OF
ELKS LIKE STATES

It is not understood universally in Canada that there is an order of Elks, closely patterned after the one first coming from the Dominion Order, this is justly justified now it is true. We take this occasion to state the facts to you. We biased "The Elks" expecting that it, in principle and character was like that which had made the name fill one of high standing and prestige. We sought information, but could secure little from the supreme officers so-called, evasion seemed to be the rule. Finally when we got to see a constitution, then our eyes were opened to the real situation. Further investigation fully decided us, and even had there been no Dominion Order we would have disbanded rather than to have continued in association under such a system.

We ascertained that the so-called Supreme Lodge actually consisted of a half dozen men, the majority of whom were of one family, and that they had given themselves the right for seven years and so fixed to maintain control upon all essential points, especially the more solid to the practical exclusion of the rights of lodges in the manner as is usual in reputable Elks Lodges. The Elks, organized at No. 3 and Calgary, organized last July, No. 4. A lodge in new being instituted in Edmonton, and its number will be about 20. There are lodges as far east as the maritime provinces, and the grand organizer, C. E. Redeker, formerly of Baltimore, Md., is working in Ontario, where he came in contact recently with several small orders of Elks, notably "The Elks" formed at a man named Alkman. This order had lodges in Lanesdowne. East Toronto and St. Catharines. The Elks, Toronto, and their members have disbanded and joined the B. P. O. E. They have written a constitution which is published in the "Dominion Elks" the organ of the B. P. O. E. published in Toronto and is as follows: Toronto, Ont., Jan. 21, 1914.

To any existing Lodge of "The Elks" in Ontario.

Greeting—After due and full investigation, we the East Toronto, Lanesdowne, and St. Catharines Lodges of "The Elks" by practically a unanimous vote in each lodge, discarded such connection, and sought to be received and

the annual blue book of express statistics which was laid on the table at the house yesterday; the report says that a capitalization for the distinct Canadian companies of \$4,850,200 common stock outstanding; But it quite clear that only an exceedingly small percentage of the total was invested in physical property or equipment. Practically everything needed to carry on an express business seems to have been provided out of earnings.

TRIPLE CONVENTION STARTS ON TUESDAY

Builders, Painters and Clay Products Men Already Are Arriving.

ALL ARRANGEMENTS MADE

Members of Exchange Asked to Meet 9.50 Train Tomorrow With Autos

John McPherson, secretary of the Edmonton Builders' exchange, is one of the busiest men in the city these days, arranging with others for the convention of the Canadian National association of Builders' exchanges which opens here next Tuesday, together with the conventions of the Master House Painters and Decorators association and the Alberta City Products association.

Delegates have already begun to arrive for the triple convention. A large party is expected to come in on the C. P. train from the west last night at 9.50 p.m. All members of the local exchange who have automobiles are asked to meet this train and help in conveying the visitors to the various hotels.

On Monday morning the master house painters will go into convention and will entertain all the guests in the Empire hotel. Tickets have been reserved and can be secured by local members from the secretary of the Master House Painters and Decorators association, or J. McPherson, secretary of the Builders' exchange.

On Tuesday morning the delegates to the Canadian National association will convene and receive an address of welcome from the president of the local exchange and his worthy mayor. Arrangements have been completed for holding this convention in the old Presbyterian church, and all members of the local exchange and their friends are invited to hear the papers which will be given by delegates and citizens during the course of the convention.

On Tuesday evening the banquet tendered by the Edmonton Builders' exchange to the delegates of the three conventions will be held at the Empire auditorium. Tickets can be secured from the secretary of the Builders' exchange, the secretary of the trade association, C. S. Stevens or A. M. Smith of the banquet committee. It should be one of the finest banquets ever held in the city. A very select musical program has been arranged and some of the best speakers in the city will give addresses.

On Wednesday the business of the convention will be continued and papers will be given by J. P. O'Leary of Saskatoon on reinforced concrete, and Professor Burgess, professor of architecture of the University of Alberta. In the evening a smoker will be held in honor of the guests in the old Presbyterian church, where the third street and Jasper avenue west will be the scene of the program. All members of the exchange and their friends are invited to attend this smoker.

Thursday will be the closing day of the convention and will be wound up with a luncheon given by the Industrial association, followed by an automobile drive around the city.

This application will be considered by the Board of License Commissioners at a meeting to be held in the Court House, in the Juvenile Court Room, Edmonton, on Wednesday, March 18, 1914, at 10 o'clock a.m.

STREET RAILWAY NEWS

The passengers carried on the street railway on Thursday increased 3,162 over Wednesday, the total for the day being 42,427. The maximum number of cars in operation during the evening rush was 48.

Interruptions to the service on the various routes during the day were as follows:

Route No. 1.—At 5:40 a.m., car at Namayo and Jasper lost ten minutes owing to broken trolley pole. Route 2.—At 7:55 p.m., Nelson car lost 12 minutes at railway crossing on First street. Held up by C. N. R. freight train. This car was turned at John and Nelson. Route No. 3.—At 10:50 p.m., two packing plant cars lost 15 minutes at John street by extra waiting for people from Hockey match. Both these cars were turned back at John and Alberta. All other routes O.K.

Passengers please do not ask to stop after it has once started from corner. This causes delay and expense to our service and will in time be refused.

EVERY CLOTH MUST BE BROKEN BEFORE IT IS OF VALUE

Daniel Toole, of New York, who has accepted an invitation to deliver his lecture on "Man's Final Destiny," here next Sunday afternoon, is evidently a close student of industrial conditions, as well as a thorough Bible scholar.

Regarding the industrial conditions of today Mr. Toole is quoted as saying: "The majority who are favored either by fortune or skill are not

busy doing for themselves, 'making money,' diverting as much as possible of the 'surplus' to their own sacks, that they do not realize the true situation. They do hear the groans of the less fortunate, and often give generously for their aid, but as the number of the unfortunate grows rapidly larger, many get to feel that general relief is hopeless; they get used to the present conditions, and settle down to the enjoyment of their own comfort and special privileges, and for the time at least forget or ignore the troubles of their fellowmen."

"If the intellect of the race is not capable of devising a better industrial system than this, we might as well admit that humanity is the greatest failure of the universe. I am convinced that is just the lesson Divine providence is teaching; men must learn their own impotence and who the true Master is, just as every child must be 'broken' before it is of value."

Mr. Toole will speak at the Empire Auditorium promptly at three o'clock Sunday afternoon. He insists that the lecture must be free, without charge or collection of any kind. The public has been cordially invited.

Liquor License Ordinance

APPLICATION FOR NEW LIQUOR LICENSES

Application has been made by Harry Brock and Louis Goldsmith for a retail liquor license in respect to a hotel they propose erecting, to be known as the "Western Hotel" and situate on the western side of 11th street, between 11th and 12th streets, lot 12, Block 12, Subdivision 12, City of Edmonton.

This application will be considered by the Board of License Commissioners at a meeting to be held in the Court House, in the Juvenile Court Room, Edmonton, on Wednesday, March 18, 1914, at 10 o'clock a.m.

Dated at Edmonton this 19th day of February, 1914. JOHN B. HUNT,

Acting Deputy Attorney General.

DELEGATES WILL PAY VISIT TO PLANT OF ACME BRICK COMPANY

The \$250,000 plant of the Acme Brick company will be one of the sights to be taken in by the delegates to the national convention of builders' exchanges, the Canadian painters and house decorators' association and the Alberta Brick Manufacturers' association all of which meet together in the city on Tuesday, Wednesday and Thursday next week.

The management of the Acme Brick company has arranged for a special train to leave the main station at 2:30 for Cannell siding the site of the plant, on the Athabasca branch, a little south of Morinville. After the guests of the company have inspected the big works they will return to the city and it is expected the train will arrive back about four o'clock, giving those that make the journey all of the evening and part of the afternoon to themselves.

Besides the delegates to the convention, the mayor and aldermen, architects, contractors and representatives of the board of trade, the industrial association and the press have been invited to take the trip. It is expected that the train will leave at 2:30 p.m. on Tuesday, and arrive at Cannell siding at 2:45 p.m. The train will arrive back at the main station at 4:15 p.m. on Tuesday, and leave for the city at 4:30 p.m. on Wednesday.

C.N.R. WILL START TRI-WEEKLY SERVICE HANNA TO CALGARY

Next Monday the Canadian Northern railway will inaugurate a tri-weekly passenger service between Hanna and Calgary. At present daily passenger trains operate each way between Saskatoon and Hanna, arriving at Hanna late in the evening. After Monday trains will leave Hanna on Tuesdays, Thursdays and Saturdays at 7:30 a.m., arriving Calgary at 2:40 p.m. Returning they will leave Calgary at 9:30 a.m., on Mondays, Wednesdays and Fridays, and arrive at Hanna at 5:30 p.m. At Hanna connection is made with the Saskatoon trains and at Saskatoon with those to and from Winnipeg. It is expected that the through service between Winnipeg and Calgary will be announced shortly.

So-called "switching" trains now being operated on the line from Vegreville and Camrose south will make connections at Hanna with the Hanna-Calgary trains, the time-table on the former division has been changed. On Tuesdays, Thursdays and Saturdays trains will leave Vegreville at 8 a.m., arriving Camrose at 11:05 a.m. and Big Valley at 6 p.m. Trains will also leave Big Valley on Wednesdays at 6:10 a.m. and arrive at Hanna at 9 a.m., half an hour before the Hanna-Calgary trains. Returning they leave Hanna at 4:15 p.m. Mondays, Wednesdays and Fridays.

Mixed service is given on the Vegreville-Munich branch, while the trains on the Hanna-Calgary line will carry dining cars.

YOUTHFUL HORSE THIEVES SENTENCED IN SUPREME COURT

Carl and Alfred Lumest, 21 and 22 years old, were this morning convicted on a charge of larceny and were sentenced by Justice Stuart to spend Carl, three months at Fort Saskatchewan, and Alfred, 14 months in the Lehighburg jail. The theft took place last June, and the prisoners were arrested at Maple Creek, Saskatchewan, after having tried to trade one of the two horses stolen. To the mounted policeman who arrested them, they gave false names, and the officer sentenced to Alfred this morning, was on account of arrested making a witness stand, which were not believed by the court.

ATHABASCA R. N. W. M. P. OFFICER LIKELY TO BE APPROVED BY BOARD

It is understood that Superintendent A. E. MacDonnell, of the R. N. W. M. P., is now standing at Athabasca, and will in all probability be appointed as warden of the new provincial jail at Fort Saskatchewan. Sergeant Blythe, also of the mounted police, has been named as a likely person to be appointed to the position of deputy-warden. Both these men have been stationed at the Fort at one time and they are well thought of by their comrades.

Delivers Fine Lecture.

A splendid lecture was given by Mr. Blue last night at the YMCA on "Heroes and Heroic Events in the Life of Western Canada." Before a very interested audience, including many Jurors.

Mr. Blue reminded his listeners that opportunities for heroic deeds are in modern days as in the time of ancient Greece and Rome, and that people of western Canada are living at the edge of large tracts of unexplored territory.

Beginning with Henry Hudson, Mr. Blue outlined the fortunes of the many seekers of the northwest passage, and of the later travellers sent out by the Hudson Bay company to report on the prospects of this country and showed how gradually the people were ready to regard America as a place to live in for itself, and not merely a way round the world to the Indies. The chair was taken by Professor Hurdus.

Illustrated Travel Talk.

An illustrated travel talk under the auspices of the Young Men's club will be given by W. J. Magrath, next Thursday night. The views are fine and the lecture will be entertaining, interesting and instructive.

Organizer Professor John Barton of Winnipeg will be in the city and deliver one of his new series of lectures on Sunday, March 8. Mr. Barton comes with the reputation of being one of the best lecturers in the world. He has studied his subject carefully, and a visit to the theater on this occasion will doubtless prove worth while.

The More Buttons you hold the greater your Chances for Winning a Prize

See Window Display of some of the Prizes Already Claimed.

Bring ALL Your BUTTONS Monday and Join the

Search for Prizes

Button, Button, who's got the Button? has simply taken all Edmonton by storm and has turned things topsy turvy. It's the talk of town.

Friday it truly seemed as though all Edmonton was shopping at Johnstone Walker's, for the store was simply turned into a Beehive of shopping, so crowded in fact that it was next to impossible to move about in the aisles.

Hundreds upon hundreds of new buttons have been placed in circulation the last couple of days, by giving buttons with every purchase of one dollar and over, which simply means hundreds of shoppers' chances are increased for carrying away a prize. At the same time we are daily placing out additional prizes with duplicate numbers attached which also adds to your chance for winning.

Monday's bound to be the most interesting day since this big event was launched and we again welcome you to join this merry crowd which will start on another prize hunt just as soon as the doors swing open on Monday morning.

You are under no obligation to buy, simply wander through the store as though you owned a portion of it. We want to become acquainted with you.

When you are tired you are at liberty to go up to our rest room on the second floor and make yourself at home.

There are three things in particular planned to make your visit interesting and worth while during this last week

Prizes for lucky holders of duplicate numbered buttons; Button Button Specials for those upon whom good fortune has not yet smiled; and new Spring Goods to announce the awakening of spring.

To date over sixty handsome Prizes have been claimed, valued from \$4.00 to \$10.

Smart New Plain TAILORED SUITS for Women and Misses

Priced Below Actual Value

WOMEN who do not wish to expend more than \$25.00 on a new spring suit and prefer something on the plain tailored order, will be surprised at the values in our splendid assemblage of smart spring suits.
